

ESTABLISHED ATTENDANCE ZONES
(APPLIES TO ELEMENTARY ONLY)

A line has been established by the School Board that determines elementary school attendance zones. Zones are delineated as follows:

- Black Creek – from Pamunkey River to Old Church Road
- Old Church Road – from Black Creek to Route 249
- Emmaus Church Road – from Route 249 to 3/10 of a mile south of Parrish Road (between 6211 and 6251)
- The line leaves the roadway and bisects the terrain east of Golden Wheel and Mountcastle Road until it meets Pocahontas Trail (Route 60)
- Pocahontas Trail – from a point 1/10 of a mile east of Mountcastle Road west to Roxbury Road (Route 106)
- Roxbury Road – from Pocahontas Trail to the Charles City line

Students living east of and on the line will attend New Kent Elementary School. Students living west of the line will attend G. W. Watkins Elementary School. Any questions regarding which attendance zone applies to a specific residence should be directed to the Transportation Office at 804-966-9670.
